

## Participate at Medborgarexpo 2011

On the 16th of April it is time for this years most fun and educative citizens festival.

Last year 65 different associations, societies and companies participated. More than 3000 people visited and Kistamässan was full of people.

This year's edition of "Medborgarexpo" will be even bigger, broader and attract event more visitors!

The purpose of "Medborgarexpo" is to gather everybody who is participating in the development of "Järvaområdet" – weather it is a small association, company or a big organisation. Together we display what Järva has to offer in forms of associations, businesses and society.

### We want you!

Kista folkhögskola has initiated this project and co-ordinates the fair. But the associations, companies and organisations that participate create its content.

We hope that you are interested in creating this year's coolest citizen festival with us.

Welcome!
